91 FACILITY INSPECTION - Time spent inspecting an Auxiliary vessel facility. Credit for inspection of a facility is given from the CG 2736 form when the facility passes. If the vessel fails, enter as VSC on form ANSC-7038 - VSC report. NOTE: Use Activity Report - Vessel Safety Check Form ANSC 7038 for reporting: Vessel Safety Checks, Uninspected Passenger Vessels; and Commercial Fishing Vessels.

AUXDATA MISSION AND SUB-MISSION PICKLIST DEFINITIONS

92 AUXDATA ENTRY - Time spent entering data into the AUXDATA computer system as an SO-IS user. Time spent entering data, as a DIRAUX user should be reported as category 08, CG Administrative Support

ADDITIONAL NOTES:

If you are in the Dock-Walker Program, there are various means of reporting the mission. Use mission 72 if you plan to target the public on Marine Environmental issues. If the mission is to publicize the Auxiliary, use mission 10. Use mission 91 if the target is directed toward Commercial Fishing Vessels Program.

PA Reports: If a DSO-PA is turning in a report to reflect district only actions, a remark needs to reflect that in the remarks block so the DSO-PA's flotilla does not get the credit for those actions. Likewise if the SO-PA is turning in a report for what the division has completed, the remark should show that division should be credited with this transaction. If the FSO-PA is reporting the flotilla actions, then no remark is required.
